

## HAMPSTHWAITE PARISH COUNCIL

At 7.30pm, in the Village Room.

2. Minutes of the last meeting held on 13 December 2010, having been circulated were taken as a true record of that meeting, proposed by W. Atkinson seconded by D. Bastow. The Chairman duly signed the minutes.

The Chairman invited P. Parker to address the Council on the result of the New Improvement Manager's (at NYCC) report on the feasibility of a 20mph zone for Hampsthwaite. He explained how the report had asked for buffer zones to separate the 30mph zone before entering the 20mph zone. The proposed zones highlighted by the report did not correspond with the requirements suggested by the Village Plan group and the Village Plan and did not take into consideration such areas as Brookfield nor the roads into the Parish.

Councillors agreed that P. Parker should highlight the suggestions asked for by the Village and Parish Council which he would email to D. Collett who would circulate councillors prior to asking the Clerk to forward the letter to NYCC with a copy to Heather Garnett. He was thanked for his address to the Council.
