

Hampsthwaite Memorial Hall Risk Assessment Record

Risk Assessment: (title of Event, Project, Activity or Task)

Breakdown of Event, Project, Activity or Task:	Hazard(s):	Who's at risk:	Risk Level (LHD) :	Risk Level (CON) :	Precautions and Control Measures required: (State 'existing measures' if adequate)	Residual Risk Level (RR) :

Notes:

- The **Risk Rating** is then calculated by multiplying the Likelihood (LHD) and Consequence (CON) figures. **Risk Ratings of 4 or more are significant and will demand action.**
- A **Residual Risk Level (RR)** of 4 will require constant supervision and if 5 the Event, Project, Activity or Task should not proceed.

Method statement:

(i.e. details of how overall supervision and other planned safety oriented procedures will be implemented during the period of the Event, Project, Activity, or Task, and by whom.)
