**IMPORTANT**

The certificate overleaf must be kept with the cremated remains at all times for the purpose of identification.

It may be an offence to scatter/inter cremated remains in water courses or on public land (without consent).

If the cremated remains are to be buried in a grave in a cemetery or a Crematorium Garden of Remembrance, permission must be sought from the cemetery or crematorium authority. You are not permitted to bury cremated remains in a cemetery or crematorium Garden of Remembrance yourself without prior permission from that authority.

The certificate overleaf should be given to the Registrar at the cemetery, churchyard or crematorium as various laws and regulations must be observed and records completed relating to the final disposition of cremated remains.

The burial of cremated remains constitutes their final disposal and any subsequent disinterment will require a Ministry of Justice Licence and/or Bishop's Faculty.
